Dear Second Grade Parents,

Those students entering the second grade in August will be required to read at least <u>5 books</u> during the summer months. The rationale behind a summer reading assignment is to help students at least maintain the reading skills he/she has acquired during the school year. Research proves that students who read during the summer break period will *increase fluency, vocabulary, and comprehension*; however, those children who do not read during the summer lose two to three months of reading development.

A key to student success in reading is ensuring the student's reading level, comprehension ability, and the difficulty level of the text are aligned. One quick way to assess whether a book is at the appropriate level is to use the "five finger rule." The student should choose a book that he/she wants to read. Open to any page and begin reading. As the student comes to words he/she can't pronounce or doesn't understand, put up a finger. If the reader puts up five fingers, put the book back. It is too hard.

The reading list for second grade students is attached. Second grade students may choose any **5** books from this list. The report form is also attached and students will complete this form for each book once they have finished reading the book. *The report form will be turned in to the reading teacher on the first day of school.* 

It is our hope that this will be a "stress-free" and enjoyable activity for our students. We hope you will enthusiastically support this program and make reading a daily part of your child's summer.

The books on the reading list may be checked out of local libraries or purchased at bookstores or online.

HAPPY READING!!

## **Summer Reading for Upcoming 2nd Graders**

•Denotes more challenging books
