<b>ELECTIVES</b>	3 credits	4 credits	2 credits

### **\*Honor Graduate Track.**

Students and parents should know that those who enroll in an Honor Graduate Track are more capable and will be expected not only to perform at that capability level but also to accept the responsibilities inherent with advanced studies. Many of the Honor Graduate Track classes are taught on the college level, and students will be expected to complete an average of one or two hours a night of homework in addition to other classroom assignments before or after school. Many of the Honor Graduate Track classes require summer work which is graded and

counts toward the grade for the first nine weeks. Therefore, students should carefully consider the number of advanced classes they can take and still be successful.
